PERSONAL

Mr. J. W. Blair, Attorney-General and Minister for Mines in Queensland, passed through Melbourne yesterday on his way to Tasmania. He made a visit to the Prime Minister and the Minister for Home Affairs.

It is understood that Sir Edward Holtz has submitted to the Victorian Chamber of Commerce as Acting Chief Justice of Victoria, in consideration of the fact that he has now virtually retired from the bench. He has been in the office for three months, and has been a success. A successor may not be appointed to the Acting Chief Justiceship, as the Victorian Attorney-General holds that such an appointment is not really necessary. Still there is some reason for the assumption that Mr. Justice A. Beckett, as senior Judge, will be made Acting Chief Justice.

Mr. Michael Murray, a very old resident of Maitland, who has arranged to leave this week on a holiday trip to Ireland, was entertained at dinner at the Exchange Hotel, Maitland, last evening. Sixty gentlemen were present, and the Mayor, who presided, presented Mr. Murray with a gold watch, chain, and medal, suitably inscribed as a mark of esteem. The health of the guest was toasted with great enthusiasm.

Mr. Sydney Austin, formerly a member of the Legislative Council of Victoria, died at Geelong last night. He was a member of the firm of Denney, Lascelles, Austin, and Co., and largely interested in the coal mines in Victoria and New South Wales.

Mr. T. Forester, son, formerly a contractor, who had charge of, among other important South Australian works, the erection of Parliament House and the new Government offices at Broken Hill on Monday night, aged 71 years.

At the weekly practice of the Sydney Liedertafel on Monday, Mr. Robert B. Parry (son of the late Mr. Parry) made an announcement in connection with Mr. Arnold Moore, recently honorary pianist of the society, who, it appears, has just called on England to his father Mr. J. B. Parry, of the late success in the "Wagon Race." It will be remembered that the young musician had a send-off concert, at which the Liedertafel assisted, and the members accordingly presented him with a travelling bag and a letter from the society.

Mr. W. R. Goodman, who has been connected with the Glen Innes railway since the ceremony of installing the new line, was appointed to Wagon. He left Glen Innes last night. Prior to his departure he was entertained by a large number of friends and presented with a travelling bag and a letter from the society.

In the course of his address last evening in St. Stephen's Church, Phillip-street, at the inauguration of the forty-first session of the General Assembly of the Presbyterian Church of New South Wales, the Moderator Elect, the Right Rev. J. Kemp Bruce, spoke in feeling terms of several leading ministers of the church who had died during the year, and also of noble workers by the deaths of the Rev. Andrew Armstrong, M.A., the Rev. James Cameron, M.A., D.D., the Rev. James Macdonald, M.A., the Rev. William Johnston, and the Rev. William Johnston.

At the annual conference of the M.C.C. I.O.F.F. which was concluded yesterday afternoon at the Manchester Unity Hall, the President, Mr. J. W. Blair, made a speech in which he referred to the progress of the movement, and the success of the various branches.

Mr. R. Goddard, night officer at the Sydney railway station, who was charged with the duty of maintaining order at the station, was charged with the duty of maintaining order at the station, and was charged with the duty of maintaining order at the station.

BRITAIN'S ULTIMATUM.

SPEECH BY THE FOREIGN MINISTER.

CLAIMS INTOLERABLE.

LONDON, May 8. In the House of Commons last night Sir Edward Grey, Secretary of State for Foreign Affairs, replying to a question by Mr. A. J. Balfour, reviewed the events leading up to the occupation by Turkish troops of Tabah and Farouk. The Porte contended that the British ultimatum was outside the territory defined in the Imperial firman issued in 1892; secondly, that the British ultimatum of April 8, 1892, during the negotiations respecting the Sinai Peninsula, only referred to the western side of the peninsula; thirdly, that the interpretation of the telegram concerned the Porte alone.

Such demands, Sir Edward Grey proceeded, would, if admitted, constitute a real danger to the freedom of the Suez Canal, the liberties of Egypt, and the Khedivial dynasty.

BRITISH NOTE. Sir Edward Grey emphasized Great Britain's patience and moderation, but, he said, it was impossible to defer a settlement indefinitely, hence Great Britain's pressing original demand for a joint delimitation of the Turco-Egyptian frontier had been confirmed by the presentation of a Note requesting a favourable reply within ten days.

Sir Edward Grey added: "It is important that the frontier should remain as it existed, undisputed and unaltered, for many years previous to the British occupation."

PREPARING FOR WAR. The British protected cruisers Amethyst and Argonaut, which are at Gibraltar, have been suddenly ordered to sea—probably for the Levant.

TURKISH REINFORCEMENTS. Turkey is sending artillery and strong reinforcements to Akaba and to Tabah at the head of the Gulf of Akaba.

WARSHIP MOVING. The British protected cruisers Amethyst and Argonaut, which are at Gibraltar, have been suddenly ordered to sea—probably for the Levant.

GERMANY'S ATTITUDE. The British protected cruisers Amethyst and Argonaut, which are at Gibraltar, have been suddenly ordered to sea—probably for the Levant.

SECRET INFLUENCE DENIED. In the House of Commons last night Mr. W. Runciman (Parliamentary Under-Secretary for the Local Government Board), in reply to Mr. Lonsdale (Commons), said: "Germany has informed us that the statement that the Porte's action on the Egyptian frontier has received any encouragement from the German Government is unfounded." (Ministerial cheer.)

EFFECT OF THE ULTIMATUM. The "Daily Telegraph" says that the British ultimatum greatly impressed the Sultan.

BRITISH REINFORCEMENTS. A battalion of the Worcester Regiment has left Malta for Alexandria. Two battalions of the Rifle Brigade have been ordered to be in readiness.

CHINESE ON THE RAID. Mr. Churchill (Under-Secretary for the Colonies) says that the Chinese contribution to the expenses of repatriation will be unnecessary in all cases, provided a bona-fide desire to return is plainly manifested.

THE "Tribune" says the Government pledged themselves plainly that the Chinese would be free to quit the Transvaal, and the Government ought to tell the Chinese so equally plainly.

COLONIAL MARRIAGES BILL. The Colonial Marriages Bill, introduced by the Earl of Eglinton, Secretary of State for the Colonies, has been read the first time.

THE NATIVE REBELLION IN NATAL.

THE UNAFFECTED AREA.

DESPERATE FIGHTING.

FANATICAL ZULU CHARGE.

HEAVY LOSSES INFLICTED.

LONDON, May 8. Prior to the engagement in which Colonel Mansell's force was attacked whilst reconnoitering near Cetewayo's grave, in the Eshowe district, the rebels were "decimated."

Believing that they had thus been rendered invulnerable, the natives charged desperately. Their heavy losses had the effect of undermining the prestige of the witch doctors.

The Maxim guns demoralised the waverers, who were mounted on a white horse, led the attack. The rebels checked the advance of Colonel Mansell's column by setting fire to the grass.

The infantry was for 18 hours marching and fighting before it reached Fort Yolland.

FIGHTING MATERIAL SMUGGLED. It is reported at Durban that assegai heads from Birmingham and Germany have been imported into Zululand, via Delagoa Bay and Swaziland, and Snider cartridges have also been imported into Zululand.

AN OBJECTION BY MILITIA. The militia reserves at Vryheid, who are mostly Boers, refused the rifles issued to them, on the ground that they were not used in the second-hand Martini-Henrys.

ORIGIN OF THE TROUBLE. The present trouble in Natal dates from early in February, when the authorities endeavored to enforce payment of the poll tax. The Zulus fell out on January 1, but payment could not be legally enforced till May 1, and the Government, anticipating trouble, strengthened the police force and instructed the militia to be in readiness for emergency.

The natives promptly abandoned their kraals and fled to the bush near the border of the Transvaal. The trouble arose from the fact that the Zulus were not used to the poll tax, and they were not used to the poll tax.

HOUSING THE WORKERS.

A LABOUR COMPLAINT.

LONDON, May 8. Mr. Keir Hardie (chairman of the advanced section of the Labour Party) protested against the exclusion of the party from membership of the committee on the housing of the working classes.

Mr. Whiteley (Patronage Secretary to the Treasury) replied that the Government had previously given favourable treatment to Labour members opposed to the Housing of the Working Classes Bill.

Mr. Whiteley added that it was not intended to sacrifice the interests of the latter in order to placate Labour members on the opposite side of the House.

REBELLION IN THE CEBELES. Dutch troops attacked the native stronghold of Bontoc, in the Cebes, but were repulsed, 12 being killed and 21 others injured.

THE NEW RIFLE. Competitors from the Goldstream Guards, using the new rifle, won the "Daily Telegraph" Cup and the Dewar Cup at Blaisy, easily beating competitors from the Volunteers, who used the old Lee-Enfield rifle.

The new short service rifle was issued last year. It differs from the "old" Lee-Enfield in that it has a shorter barrel, and is more compact and easier to handle. It is also more accurate and more reliable.

NOTE. Always quote—AQUITY.

For the past quarter of a century there has been one continuous flow of letters bearing testimony to the truly wonderful mine offered by Clark's World-famous Blood Titration, "the finest Blood Purifier that science and medical skill have brought on life." Beware of worthless imitations and substitutions.
